Gaahis Yaugoob

Graduate **Engineer**,
Architect Technician

Motivated and results-oriented aspiring architect with a strong foundation in engineering principles (Bachelor's degree) and architectural design (current studies). Eager to leverage 2 years of experience in a similar role to contribute to your team's projects.

Education

2023 -	Bachelor of Arts in Architectural Design Maldives National University
2019 - 2023	Bachelor of Civil Engineering (Honours) Maldives National University
2017 - 2018	Higher Secondary Education (A Level) Ungoofaaru School
2014 - 2015	Certificate III & IV in Information Technology Centre for Information Technology Maldives
2007 - 2016	Secondary Education (O Level) Ungoofaaru School
2003 - 2006	Saif Pre-School

Work Experiences

2022 -	Novea Engineering SP - Assistant Engineer - Project Manager - Quality Assurance - Administrative Office
2014 - 2018	Mehemaan Investments - Administrative Support Freelance, Family Business

Notable Accolades

2019	MNU Shaheed Award Scholarship
2018	School Football Competition Winner
2017	School Best all Round
2016	School Captian
2009	Top 15 in Inter-Atoll Quran Competition

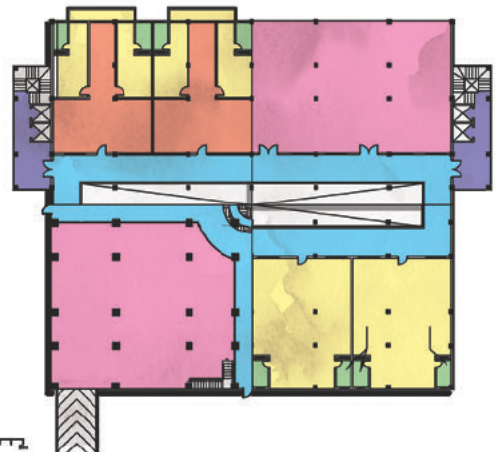

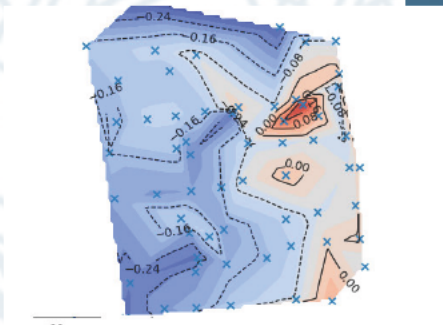

BAAD Semester 1 Design, 2023, R. Ungoofaaru

Designed a cosy reading nook to promote relaxation and focus while reading. Integrated shelving, ambient lighting, and comfortable seating to create an immersive and inviting space for book lovers.

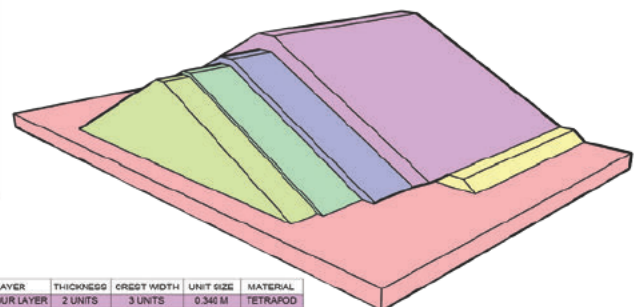

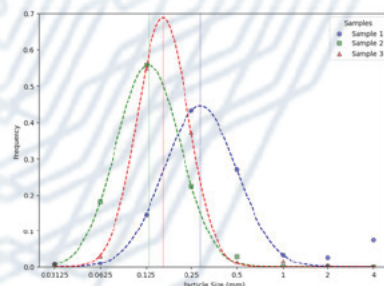

BCE Projects 1 & 2, 2022 - 2023, Villigili

Led the design and provided detailed structural services, cost estimates, and 3D renders for a 14-story building in project 1 & 2.

BCE Coastal Engineering Project, 2023, K. Thulusdhoo

Conducted a comprehensive coastal engineering study. This included surveying the beach profile, analyzing soil properties, drone mapping the entire island and reef system, and designing a breakwater to protect the coastline.
